

## Which Desks are Right For My Classrooms?

Whether your school focuses on traditional curriculum, cooperative learning, or a blend of these styles, Virco provides you with a great selection of desks and desk options. Our single-student, two-student, and cooperative learning units offer you the flexibility to choose desks that fit the teaching styles of your faculty, and meet the needs of your students.

From elementary schools to adult learning, Virco has desks for lecture settings, group collaborations or individual study. The versatility of Virco's desk collection lets you equip different classrooms with specific products that will help everyone succeed.

### Two-Student Desks

With spacious desk tops – and a smaller overall footprint than the floor space typically used by two single-student desks – these versatile units give students more work surface area. Many educators prefer two-student desks because of their increased space for project work and other assignments.

Along with our new adjustable-height TEXT model, Virco offers a pair of adjustable-height two-student desks, as well as a cantilever-style ZUMA design in three fixed-height models. Many of the same options for our individual desks can be ordered with two-student units, as shown in the following pages.

### Single-Student Desks

The freedom of individual learning has a long history in American education. Because needs and preferences for learning environments can vary significantly, Virco gives you a choice of 14 single-student desk styles, including new TEXT™ desks. Virco offers more than 100 single-student models with 4-leg and pedestal-base configurations, numerous fixed-height and adjustable-height top sizes, and a range of desk options. Whether you need heavy or light storage capability, we offer desks with open-front and lift-lid book boxes, as well as open-view bookracks. Our optional backpack hanger provides a solution that enables students to easily access their backpacks, while keeping classroom aisles clear and tidy. To meet the furniture needs of high schools and adult education settings, Virco has developed elegant, fixed-height ZUMA® Series models. These desks combine a cantilever-style base with a large work surface that accommodates text materials and a laptop.

### Collaborative Learning

Student learning is enhanced – many educators believe – when they work together in problem-solving teams. “Many studies have shown that when correctly implemented, cooperative learning improves information acquisition and retention, higher-level thinking skills, interpersonal and communications skills, and self-confidence (Johnson, Johnson, and Smith, 1998).”

Whether your curriculum requires formal or informal cooperative learning environments, Virco gives you a choice of solutions. Our individual student desks can be arranged in six-desk or eight-desk groups, and then easily reconfigured for individual learning. We also have cooperative learning tables

that accommodate multiple students in working groups; selected models provide space for an instructor.

Virco's cooperative learning furniture gives educators the flexibility they need in today's classrooms.

## Adjustable-Height Desks

Virco offers a diverse selection of adjustable-height, single-student desk styles. Our array of work surface, storage and frame configurations offer you the choices that you and your students deserve.

### TEXT™ Series

2 models - page 72

Grades: 6 through Adult Learning

#### Features/Options

- Adjustable-Height
- FRW™ Hard Plastic Top
- High-Pressure Laminate Top
- Plastic Book Box – 12 Colors
- Wire Book Basket
- Plastic Pencil Tray
- Backpack Hanger
- Modesty Panel
- Adjustable Nylon Glides

### ZUMA® Series

4 models - page 76

Grades: K through 12

Looking for something new and different in adjustable-height student desks? ZUMA® gives you models with: large bowfront tops that hold a laptop and text-book, as well as smaller, space-saving rectangular tops. Options include a book box, a book basket with or without a pencil tray, and a backpack hanger. Adjustable ZUMA desks have a height range of 22" to 32".

#### Features/Options

- Adjustable Height
- FRW Hard Plastic Top
- Plastic Book Box - 12 Colors
- Wire Book Basket
- Pencil Tray
- Backpack Hanger
- Standard Nylon-Base Glides
- Laptop Friendly

*NOTE: Cooperative learning desks are available. See page 71.*

### 785 Series

6 models - page 82

Grades: K through 8

Popular 785 Series student desks combine a high-pressure laminate top with an open-front plastic book box that's available in 12 eye-catching colors. For variations on this configuration, we offer models with a hard plastic top and two metal book box sizes. 785 Series desks have a height range of 22" to 30".

#### Features/Options

- Adjustable Height
- High-Pressure Laminate Top
- FRW Hard Plastic Top
- Metal Book Box
- Deep-Drawn Metal Book Box
- Large Plastic Book Box -12 Colors
- Standard Nylon-Base Glides

### I.Q.® Series

2 models - page 86

Grades: K through 12

With a spacious contoured top and a large plastic book box, I.Q.® Series student desks provide effective support and storage. Models can be ordered with a high-pressure laminate or a hard plastic work surface. I.Q. Series desks have a height range of 22" to 30".

#### Features/Options

- Adjustable Height
- High-Pressure Laminate Top
- FRW Hard Plastic Top
- Large Plastic Book Box - 12 Colors
- Leg Brace
- Standard Nylon-Base Glides
- Laptop Friendly

### 72 Series

2 models - page 85

Grades: 2 through 12

A pair of adjustable 72 Series models feature a hard plastic top and a standard fully chromed frame. An optional open-view steel-rod bookrack is available. Adjustable 72 Series desks have a height range of 25" to 30".

#### Features/Options

- Adjustable Height
- FRW Hard Plastic Top
- Heavy-Gauge Wire Book Rack
- Leg Brace
- Standard Nylon-Base Glides

*NOTE: This desk is also available with two 30" fixed height models. See page 70.*

## Features and Options

#### Plastic Book Box

Virco's plastic book boxes are molded of rugged reinforced polypropylene providing a colorful and quiet solution for book and paper storage.

#### Plastic Pencil Tray

Our reengineered plastic pencil tray for ZUMA student desks now provides the advantage of enhanced visual storage, while its slimmer profile enables expanded storage for binders, papers and notebooks. It's available in all of our standard plastic colors to match your seating. It attaches to the optional wire book basket.

#### Wire Book Basket

For classrooms where it's important to see items that are stored under desks and tables, Virco offers a welded heavy-gauge steel wire book basket as noted for specific models under Features/Options above.

#### Backpack Hanger

An optional Chrome wire backpack hanger is available on desks as noted under the Features/Options headers above (except on model ZADJ2031M with the plastic book box options and on models ZHEXM and ZOCTM when the optional wire book basket is attached).

**Wheelchair-Accessible**

Virco's extensive furniture and equipment selection includes a number of wheelchair-accessible desks and tables. Turn to page 278 for more information and a list of models.

**7900 Series**

5 models - page 81  
Grades: K through 12

For desks with a traditional heavy-duty pedestal design and a plastic open-front book box, Virco offers two single-student alternatives. One model has a generous high-pressure laminate plywood top, while the other has a large hard plastic top. 7900 Series desks have a height range of 22" to 30".

**Features/Options**

- Adjustable Height
- High-Pressure Laminate Top
- FRW™ Hard Plastic Top
- Plastic Book Box - 12 Colors
- 2 Leg Braces
- Standard Steel-Base Glides

*NOTE: Cooperative learning desks are available. See page 71.*

**751 Series**

2 models - page 84  
Grades: 1 through 6

Many schools specify lift-lid desks with a metal book box. 751 Series models feature dual closing devices and sturdy steel hinges for dependable performance. Models are available with a hard plastic top or a high-pressure laminate top. 751 Series desks have a height range of 22" to 30".

**Features/Options**

- Adjustable Height
- High-Pressure Laminate Top
- FRW Hard Plastic Top
- Metal Lift-Lid Book Box
- Standard Nylon-Base Glides

**8700 Series**

2 models - page 87  
Grades: K through 12

The 8700 Series offers the elegant look of a sturdy cantilever-leg design that provides easy entry and exit for students. Two 8700 Series models come with a generous plastic book box, and either a hard plastic top or high-pressure laminate top. Cantilever legs adjust top height from 22" to 30" and come with adjustable steel-base glides for leveling desks on uneven floors.

**Features/Options**

- Adjustable Height
- High-Pressure Laminate Top
- FRW™ Hard Plastic Top
- Plastic Book Box - 12 Colors
- Leg Brace
- Standard Nylon-Base Glides

**Junior Executive**

1 model - page 86  
Grades: 1 through 6

A spacious side-mounted metal book box, a full-front plastic modesty panel, and a large high-pressure laminate top make the model 765 "Junior Executive" student desk a perennial favorite in elementary schools. Virco's model 765 desk has a height range of 22" to 30".

**Features/Options**

- Adjustable Height
- High-Pressure Laminate Top
- Metal Book Box and Paper Tray
- 3 Leg Braces
- Standard Nylon-Base Glides
- Plastic Modesty Panel
- Laptop Friendly

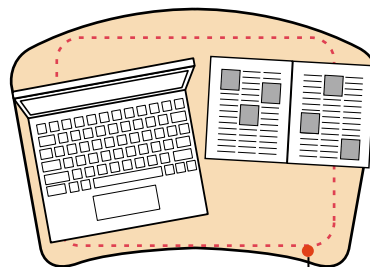

**Adjustment Mechanism**

With Virco's time-tested adjustment mechanism, our student desks and tables adjust in one-inch increments via Allen set screws inserted through T-nuts welded inside the upper legs – or a threaded flow-drill operation – engaging both the upper and lower legs for secure positioning. An Allen wrench is included with every unit.

**Chrome Lower Legs**

Virco uses a durable Chrome finish on the lower legs of adjustable-height student desks to provide protection from scuffing and abrasion from active students.

Standard 18" x 24" work surface.

**Laptop Friendly**

In response to recent trends in education, Virco has developed single-student and 2-student desks to accommodate laptops and other text materials at the same time. Specific models with this feature are noted under the Features/Options headers above.

## Fixed-Height Desks

Whether your fixed-height desk preference is for cantilever-frame models or traditional 4-leg units, Virco's got you covered. Our single-student fixed-

height desks – like all Virco products – are built for years of reliable performance.

### TEXT™ Series

2 models - page 72  
Grades: 9 through Adult Learning

With a 30" fixed-height work surface, new TEXT™ single-student desks offer a range of handy storage options. TEXT desks can also be equipped with an attractive optional modesty panel. High-pressure laminate and Fortified Recycled Wood™ hard plastic work surfaces are available.

#### Features/Options

- 30" Fixed Height
- FRW™ Hard Plastic Top
- High-Pressure Laminate Top
- Plastic Book Box – 12 Colors
- Wire Book Basket
- Plastic Pencil Tray
- Backpack Hanger
- Modesty Panel
- Adjustable Nylon Glides

**NOTE:** Virco chairs with a seat height of 18" or higher are recommended for use with TEXT Series fixed-height desks.

### ZUMA® Series Cantilever

3 models - page 74  
Grades: 2 through Adult Learning

An open-sided design for easy access and a generous hard plastic bowfront top define the character of ZUMA® fixed-height single-student desks. Options include a plastic book box, a wire book basket with or without a pencil tray, and a wire backpack hanger. These ZUMA desks can be ordered with 25", 27" and 29" top heights.

#### Features/Options

- 25", 27" and 29" Fixed Height
- FRW Hard Plastic Top
- Plastic Book Box
- Wire Book Basket
- Plastic Pencil Tray
- Backpack Hanger
- Leg Brace
- Plastic Glides
- Laptop Friendly

### Sigma® Series Cantilever

6 models - page 79  
Grades: 2 through Adult Learning

Virco's Sigma® Series gives you fixed-height desks with a compact, rectangular hard plastic or high-pressure laminate top and an open-sided frame configuration. An optional wire book basket and a wire backpack hanger are available. Sigma desks can be ordered with 25", 27" and 30" top heights.

#### Features/Options

- 25", 27" and 30" Fixed Height
- High-Pressure Laminate Top
- FRW Hard Plastic Top
- Wire Book Basket
- Backpack Hanger
- Leg Brace
- Plastic Glides

### 72 Series

2 models - page 85  
Grades: 9 through Adult Learning

Fixed-height 72 Series desks combine a standard fully chromed frame and a hard plastic top. There's also an optional open-view steel-rod bookrack. These 72 Series desks are standard with a 30" top height.

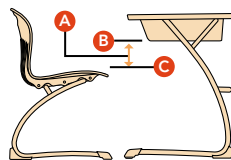

#### Features/Options

- 30" Fixed Height
- FRW Hard Plastic Top
- Heavy Gauge Wire Book Rack
- Leg Brace
- Standard Nylon-Base Glides

**NOTE:** Virco chairs with a seat height of 18" or higher are recommended for use with 72 Series fixed-height desks.

## Two-Student Desks and Cooperative Learning

If you're interested in two-student desks or cooperative learning furniture, Virco has lots of choices for you to consider. We carry three adjustable

and fixed-height two-student desk styles, two families of cooperative learning desks, and cooperative learning tables in dozens of shapes and sizes.

### Two-Student Desks

Grades: 2 through Adult Learning

Virco's new TEXT™ Series features a 24" x 48" adjustable-height desk with two plastic book boxes. The ZUMA® line offers three fixed-height models with an open-sided frame. Each desk can be equipped with a pair of plastic book boxes, wire book baskets (with or without a plastic pencil tray), or wire backpack hangers. Models are available with 25<sup>5</sup>/<sub>8</sub>", 27<sup>5</sup>/<sub>8</sub>" and 29<sup>5</sup>/<sub>8</sub>" top heights. Other adjustable-height choices include a 7900 Series model with a high-pressure laminate plywood top, and our cantilever-leg model 878 desk. Both enable top adjustment from 22" to 30" and are equipped with two plastic book boxes.

#### Available with the Following Series

TEXT	page 73
ZUMA	page 78
878	page 87
7900	page 81

### Cooperative Desks

Grades: K through Adult Learning

Specially designed trapezoid tops let you arrange these Virco desks in one of two cooperative learning configurations. Two models (ZUMA ZHEX and 7900 Series 79HEX) can be easily grouped in a 6-foot hexagon, while two other models (ZOCT and 79OCT) form a 7-foot octagon. When students are not engaged in cooperative learning activities, these desks can be arranged in traditional rows for individual learning. All four models are available with a book box, a book basket with or without a pencil tray, and a backpack hanger. ZUMA desks have a 22" to 32" height range; 7900 Series desks have a 22" to 30" height range.

#### Available with the Following Series

ZUMA	page 77
7900	page 80

### Cooperative Tables

Grades: Pre-K through Adult Learning

Like our cooperative learning desks, these Virco tables are designed to facilitate group activity. Selected models, like the 4000 Series kidney-shaped unit pictured above (model 48KID72), have a seating area that's particularly appropriate for use by an instructor. Other 4000 Series table shapes with a space for an instructor include: a horseshoe-shaped table (model 48HORSE60); a deep-center horseshoe table (48HORSE60DC); and a half-moon table (48COOP72). All of these table shapes can be ordered in a variety of height ranges. Additional 4000 Series table shapes – as well as models from other Virco product lines – are available for use in cooperative learning environments.

# ZUMA® Cantilever Desks

Combining an open-sided design for easy access with a generous bowfront top that comfortably holds a laptop and textbook, ZUMA® cantilever desks are available in 29", 27" and 25" fixed-height sizes. ZUMA cantilever desks can be paired with a ZUMA model ZCANT18FLT cantilever chair or a ZUMAFrd™ cantilever chair; either chair model conveniently nests on top of these desks for easier classroom cleaning.

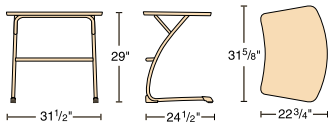

**ZDESK29BOXM**  
29" fixed-height work surface.

**ZDESK29M**  
29" fixed-height work surface.

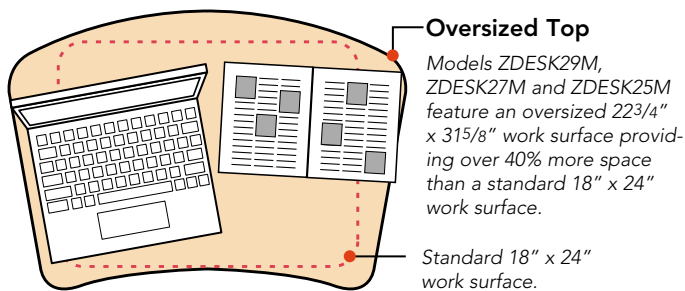

**ZDESK27M**  
27" fixed-height work surface.

**ZDESK25M**  
25" fixed-height work surface.

**Oversized Top**

Models ZDESK29M, ZDESK27M and ZDESK25M feature an oversized 22<sup>3</sup>/<sub>4</sub>" x 31<sup>5</sup>/<sub>8</sub>" work surface providing over 40% more space than a standard 18" x 24" work surface.

Standard 18" x 24" work surface.

**ZUMA Cantilever Desks**

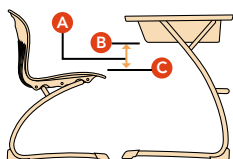

With a generous bowfront top that supports multiple materials, these cantilever ZUMA® desks deliver great technology support for laptop users. Desks come with 25", 27" and 29" fixed-height work surfaces.

The oversized top on the ZDESK25M, ZDESK27M and ZDESK29M was designed to nest with models ZCANT18FLT (left) and ZFRDCANT18FLT (right). ZCANT15FLT and ZCANT13FLT chairs WILL NOT nest with the oversized top.

# Adjustable-Height ZUMA® Desks

Because contemporary classrooms require adaptable furniture, adjustability is the key to four of ZUMA's student desks. One model has a spacious bowfront work surface that accommodates a laptop and textbook, while another features a traditional rectangular top and a space-saving footprint. For cooperative learning activities, a third model can be configured in six-foot hexagonal groupings, and a fourth facilitates seven-foot octagonal arrangements. All four models have a 22" to 32" height adjustment range.

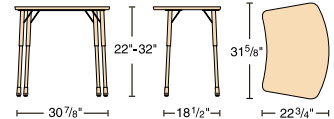

**Oversize Top**

Model ZADJ2031BOXM features an oversized 22<sup>3</sup>/<sub>4</sub>" x 31<sup>5</sup>/<sub>8</sub>" work surface providing over 40% more space than a standard 18" x 24" work surface.

Standard 18" x 24" work surface.

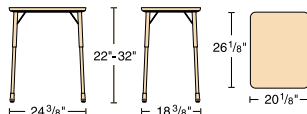

**ZADJ2031BOXM**

The spacious, adjustable bowfront ZUMA® desk is shown with an optional large capacity plastic book box.

**ZADJ2026M (shown left) and ZADJ2026BOXM (shown right)**

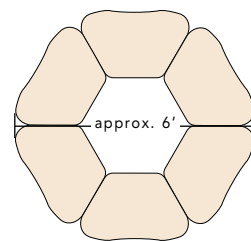

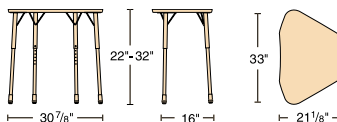

This compact ZUMA desk offers a classic rectangular work surface, while helping you optimize valuable classroom floor space. Several options are available to accommodate books or backpacks. Shown on the right with an optional plastic book box.

**ZHEXBRTM**

By enabling six-foot hexagonal arrangements, this ZUMA® desk, with an optional wire book basket and pencil tray, is great for cooperative learning environments.

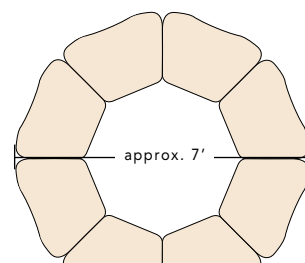

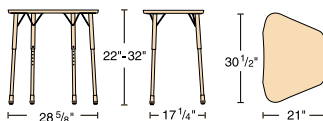

Hexagonal Grouping

**ZOCTM**

If you prefer cooperative learning grouping in a seven-foot octagon, ZUMA ZOCTM desks are the solution.

Octagonal Grouping

**ZUMA DESK OPTIONS**

**Plastic Book Box**

For use with ZUMA model ZADJ2031M, this plastic book box includes an integral pencil tray and measures 25"W x 15"D x 4 1/2"H.

**Plastic Book Box**

For use with ZUMA models ZADJ2026M, ZDESK29M, ZDESK27M, ZDESK25M, ZHEXM and ZOCTM, this plastic book box includes an integral pencil tray and measures 17 1/2"W x 16"D x 4 1/4"H.

**Wire Book Basket**

An optional ZUMA steel wire rectangular book basket, 15" x 18" x 4", is available on all student desks. Available with Chrome finish only.

**Plastic Pencil Tray**

With enhanced visual storage, our reengineered plastic pencil tray has a slimmer profile enabling expanded storage for binders, papers and notebooks. Available in all standard plastic colors, it attaches to the ZUMA wire book basket.

# ZUMA® Cantilever Two-Student Desks

When your floor plan calls for desks that accommodate students in pairs, you'll appreciate the sturdy construction of these ZUMA® models. Featuring a stout 22"D x 60"W top, a cantilever frame and a 29<sup>5</sup>/<sub>8</sub>", 27<sup>5</sup>/<sub>8</sub>" or 25<sup>5</sup>/<sub>8</sub>" fixed top height, ZUMA two-student desks also have a contoured inner edge profile that helps define the work surface space of each student.

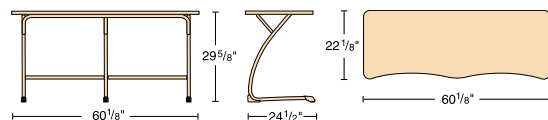

ZDESK226029 with set of optional wire book baskets.

### ZUMA TWO-STUDENT DESK OPTIONS

#### Plastic Book Box

This plastic book box includes an integral pencil tray and measures 17<sup>1</sup>/<sub>2</sub>"W x 16"D x 4<sup>1</sup>/<sub>4</sub>"H.

#### Wire Book Basket

A rectangular steel wire book basket measures 15" x 18" x 4".

Available with Chrome finish only.

#### Plastic Pencil Tray

With enhanced visual storage, our reengineered plastic pencil tray has a slimmer profile enabling expanded storage for binders, papers and notebooks. Available in all standard plastic colors, it attaches to the ZUMA wire book basket.

#### Wire Backpack Hanger

This steel wire backpack hanger attaches to the underside of the work surface.

Available with Chrome finish only.

These options are only available in pairs for models ZDESK226029, ZDESK226027 and ZDESK226025.

# Sigma® Series Desks

Sigma's open-sided, cantilevered design eases the strain in crowded classrooms by enabling students to more easily get into and out of their seats. Six standard Sigma® models feature a spacious 20" x 26" work surface. Sigma desks give you a choice of 25", 27" and 30" top heights for a variety of applications in multiple grade levels.

• Sigma desks have a 20" x 26" high-pressure laminate or FRW™ hard plastic work surface.

### Wire Backpack Hanger

An optional Chrome backpack hanger is available on all Sigma desks.

### Wire Book Basket

An optional Chrome steel wire book basket is available on all Sigma student desks.

Cantilever leg design allows easy, unobstructed dual-side entry.

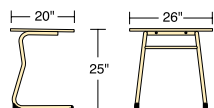

Rear nylon glides help protect floors.

Front nylon glides are adjustable.

## Standard Sigma Configurations

Fusion Maple, Medium Oak and Walnut come with a clear lacquer edge treatment. Grey Nebula comes with a black lacquer edge treatment.

# 7900 Series Desks for Cooperative Learning

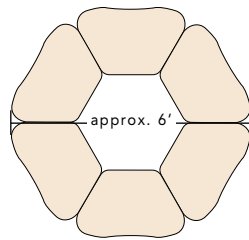

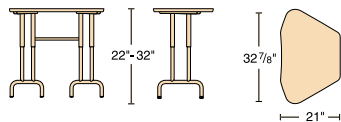

By popular demand, Virco's two desks for cooperative learning classrooms combine durable, stain-resistant FRW™ hard plastic trapezoid tops with a popular pedestal-leg design that enables a 20" - 30" top height range. Six model 79HEXM desks can easily be arranged in a 6-foot hexagon, while eight model 79OCTM desks can be grouped in a 7-foot octagon. Options include a spacious book box and a convenient backpack hanger.

**79OCTBBBH** (shown right) has a book box and a backpack hanger. Base model 79OCTM comes standard without the book box and backpack hanger.

## 79HEXM

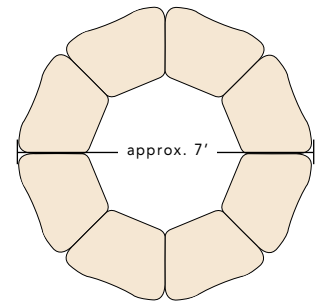

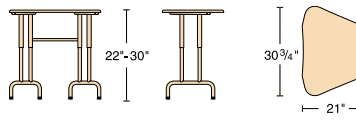

Six of Virco's model 79HEXM desks can be easily grouped in a 6-foot hexagon for cooperative learning environments.

Hexagonal Grouping

## 79OCTM

For classrooms where 7-foot octagonal desk clusters are preferred, model 79OCTM units provide a great solution.

Octagonal Grouping

### DESK OPTIONS

# 7900 Series Desks

If you want hard-working adjustable-height desks with a traditional pedestal base, Virco's 7900 Series lets you choose from three popular models. For two-student desks having the configuration pictured on this page, model 792448BB units with a plywood-core high-pressure laminate top deliver years of reliable service. Virco also offers two 7900 Series desks for individual students. Model 792026BB units have a plywood-core high-pressure laminate work surface, and 792026BBM desks feature an FRW™ hard plastic top.

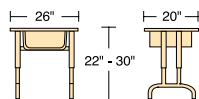

### 792448BB

This heavy-duty desk comes with twin book boxes, a unitized tubular steel frame and a high-pressure laminate plywood top.

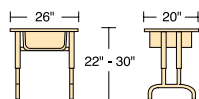

### 792026BB

These traditional, open-front desks are at work in classrooms across the nation. Model 792026BB is shown with a Grey Nebula laminate.

### 792026BBM

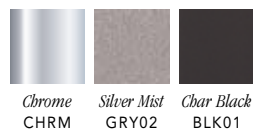

Model 792026BBM desks feature an FRW hard plastic work surface.

### 7900 Series Desk Colors

Available in all related Standard and Designer colors.

#### FRAME FINISH

Lower legs are Chrome.

#### LAMINATE TOP

Fusion Maple and Medium Oak come with a clear lacquer edge treatment. Grey Nebula comes with a black lacquer edge treatment.

#### FRW HARD PLASTIC TOP

Model 792448BB is only available with a laminate top.

#### SOFT PLASTIC BOOK BOX

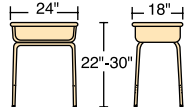

# Open-Front 785 Student Desks with Colored Book Boxes

With 12 exciting plastic book box colors, Virco's popular model 785 open-front student desk has a whole new look. This exciting, expanded book box palette is only available when ordered with a Fusion Maple work surface and Silver Mist upper-leg frame. Of course, we still offer this desk with a Black book box and upper-leg frame, but if you're ready to add more color to your classrooms, Virco's got the solution.

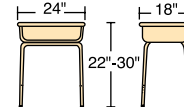

### 785M

Combining most of the features included in our model 785 (right), this unit features an FRW™ hard plastic top.

### 785

Virco's most popular open-front student desk comes with a plastic book box and a high-pressure laminate top that adjusts from 22"-30".

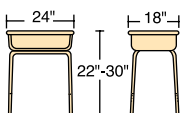

# 785 Open-Front Student Desks with Metal Book Boxes

Virco's selection of adjustable-height student desks includes the six traditional open-front units pictured on these facing pages. A tubular steel frame, and a high-pressure laminate or an FRW™ hard plastic work surface make our 785 Series models an exceptional value. Desks come with either a soft plastic book box or – as with all four models shown on this page – a welded metal book box for extra strength.

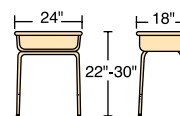

**785MBB**

If your application calls for a 4<sup>3</sup>/<sub>4</sub>" high open-front metal book box, our 785MBB combines this with an adjustable height (22"-30") work surface.

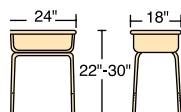

**785MBBM**

This desk gives you the same structural features as our model 785MBB (left), but with a FRW hard plastic top.

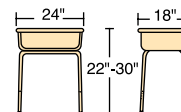

**785DDMBB**

When you need open front desks featuring the extra space of a 5" high metal book box, this model with a high-pressure laminate top has what you're looking for.

**785DDMBBM**

A colorfast FRW hard plastic top puts the finishing touch on this rugged open-front desk with a spacious 5" high metal book box.

## 785 Series Desk Colors

# Lift-Lid Student Desks

Virco's lift-lid desks come with sturdy steel hinges and dual closing devices for quiet, reliable operation. Economical model 751 desks feature a tubular steel frame and a 5" high metal book box topped by a high-pressure laminate work surface. If you prefer a lift-lid configuration that's equipped with an FRW™ hard plastic work surface, our model 751M is an excellent choice.

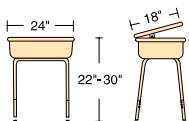

## 751

Virco's most popular lift-lid desk with a high-pressure laminate work surface delivers reliable classroom performance.

## 751M

This traditional lift-lid desk offers the colorfast durability of an FRW hard plastic top.

Lift-lid desks models have an 18" x 24" high-pressure laminate or hard plastic work surface.

Lift-lid metal book box.

Legs adjust top height from 22" to 30" in one inch increments.

### Lift-Lid Student Desk Colors

# 72 Series Student Desks

Virco offers four additional student desk models to meet your classroom needs. Various models feature an open-view book rack, and adjustable or non-adjustable fully chromed legs. All models come with a generous 18" x 24" FRW™ hard plastic work surface, and a wrap-around tubular steel leg brace for extra support.

Fully chromed legs are available in two styles; one that enables top height adjustment from 25" to 30" in one-inch increments, and another that gives you a 30" fixed top height.

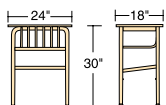

Open-view wire book rack.

All models have a wrap-around leg brace.

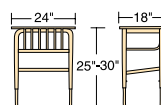

### 72BRLBN30M

If you require a 30" fixed height, here's the desk for you. It also features a steel wire bookrack, a leg brace and an FRW hard plastic top.

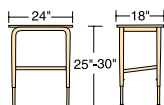

### ▲ 72BRLBM

Virco's best-selling study top desk comes with a steel wire bookrack, a leg brace and an FRW hard plastic top that adjusts from 25"-30".

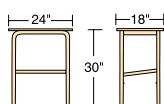

### 72LBM

For those who don't want a bookrack, this is the desk of choice; it has a leg brace and an FRW hard plastic top that adjusts from 25"-30".

### 72LBN30M

In addition to a 30" fixed height work surface, this desk with no bookrack gives you a leg brace and an FRW hard plastic top.

Virco Inc.

# I.Q.® Student Desk

Virco's I.Q.® student desks combine the ergonomic advantages of a 22" to 30" top height adjustment range with a strong tubular steel frame and your choice of a durable high-pressure laminate work surface over a plywood core (model 280OPN) or a colorfast, stain-resistant FRW™ hard plastic work surface (model 280PNM). Both desks feature a generous open-front book box. Along with I.Q.'s supportive seating alternatives, these desks excel in an array of learning venues.

I.Q. student desks give you generous 21<sup>3</sup>/<sub>8</sub>" x 28" top dimensions.

A generous 22"W x 15"D x 5"H open-front book box has rounded corners for safety and molded-in reinforcing ribs for strength.

Telescoping I.Q. legs enable top height adjustment from 22" to 30" in one-inch increments.

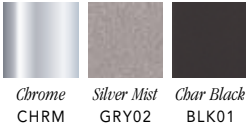

A wrap-around leg brace provides extra support.

## Teachers' Desks

If it's time to get your teachers new desks, they'll love this elegant Plateau® ellipse model with lots of work surface space, a perforated steel modesty panel and two desktop grommets for enhanced wire management.

Virco also offers teachers' desks with a rectangular work surface and lockable drawers. Double-pedestal model 546 desks give you the spacious convenience of a 30" x 60" top, a center drawer, two file drawers and two box drawers. Adjustable dividers help you organize items in both box drawers, while each file drawer rides on smooth, full-cradle suspension and

is equipped with an adjustable follower to keep files upright. And if you prefer a more compact unit, our single-pedestal model 543 teachers' desk delivers a 30" x 48" top complemented by a center drawer, a file drawer and a box drawer.

For two additional alternatives, double-pedestal model 533060 offers a 30" x 60" waterfall-front work surface flanked by a pair of box and file drawers, while model 533045RP combines a 30" x 45" waterfall-front top with a right-side box/file pedestal. An optional center drawer is available for use with both models.

## Technology Instructors' Desks

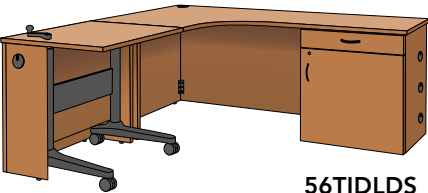

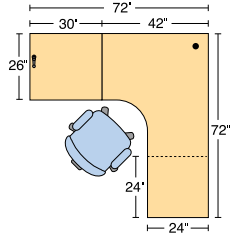

Teachers in computer labs and technology-based classrooms will love Virco's new Technology Instructors' Desks! Designed at the request of Virco customers to complement SMART Board™ products and related educational tools, Technology Instructors' Desks give your teachers and students the advanced furniture support they deserve.

56TIDL

### 56TIDL (shown) and 56TIDR

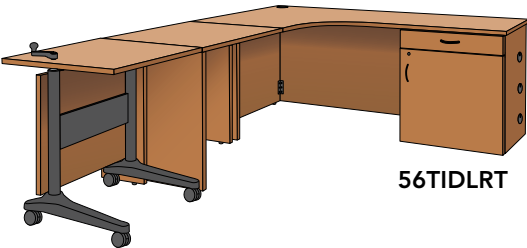

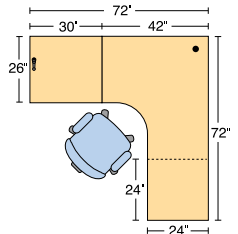

These two models have a large work surface that easily accommodates a monitor and a desktop CPU – or a laptop – with plenty of space for writing and document placement. Two self-adhesive wire management channels help organize wires and cables. A large locking pedestal with nine ventilation ports and one adjustable shelf can store components that work with SMART™ technology; model 56TIDL has a left-hand pedestal, while model 56TIDR has a right-hand pedestal. Both models come with a handy mobile table that's fully described on the next page.

56TIDLDS

### 56TIDLDS (shown) and 56TIDRDS

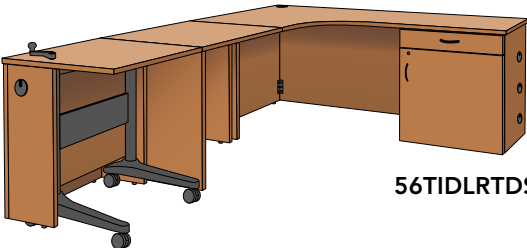

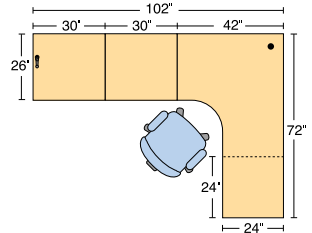

Along with all the features and benefits of the units described above, models 56TIDLDS and 56TIDRDS include a convenient, attractive docking station that provides a permanent space for their mobile table when the latter is not in use.

56TIDLRT

### 56TIDLRT (shown) and 56TIDRRT

For even more work surface space, these two models, which include all the features of our 56TIDL and 56TIDR units, give you the added benefit of a 26" x 30" left-hand or right-hand return.

56TIDLRTDS

### 56TIDLRTDS (shown) and 56TIDRRTDS

If you prefer Technology Instructors' Desks with a return and a mobile table docking station, these models include both a docking station and a left-hand (56TIDLRTDS) or right-hand (56TIDRRTDS) return.
